A SACRED OLD RELIC.—A colored man yesterday turned auctioneer to work off two old stoves for a dealer on Gratiot avenue. One was sold without trouble, but as the other "held over" on him he mounted a barrel and began:

"Gentlemen and women, dis yere stove was once da property of George Washington."

A laugh of derision greeted his statement. Singling out the biggest man in the crowd, the auctioneer asked:

"Doan' you believe dat George Washington once owned dis stove?"

"No, sir."

"Dat's de same as callin' me a liab, sah, an' you'll hev to chaw dem wuds, sah!"

He jumped down and waltzed over to the stranger, but was knocked down in a York minute. That was plenty for him, and after feeling his head to see how much of it was left, he mounted the barrel and called out:

"How much do I heah for dis stove—once da property of Gin'ral Grant! De stove dat Washington owned was busted up doarin' de war!"—*Detroit Free Press.*

Why?—Query: Why is it that the Treadway suit concerning the title to the State Prison grounds at Carson is allowed to lag and linger and is not brought to a decision? The same case if between private parties, instead of between a commonwealth and an individual, would have been decided on its merits long ago. Is a legal decision being staved off in order that a sympathetic Legislature may bestow a thousand rushing twenties from an overflowing treasury on the claimant of the land, who claims it by virtue of conveyances, which, to put it mildly, are fishy? For this and similar little jobs will the people of Nevada this year pay taxes out of all proportion to the needs of the State government. "For whosoever the carcass is, there will the eagles be gathered together." There will be a half-million carcass in Carson next winter, and the eagles will be there.—*Austin Revelle.*

No war has been discovered to avoid the difficulties of life. One man remains a bachelor, and boasts that he is thus free from care, but existence becomes a profitless struggle with hutons and neckties; another marries, hoping to find thereafter every button in its place, and the slippers at the fireside on his return from business, but his wife has been made the president of a relief association, and manages to afford relief to every one except him. You may as well make up your mind to stand your share of the general entanglement, and to do it philosophically and bravely, for every one learns, sooner or later, that

Life is full of care and trouble. Whether you go it single or double.

WONDERFUL SUCCESS

OF THE GREAT

LUNG AND THROAT REMEDY.

DR. EBEL'S

BALSAM AND COUGH MEDICINE

Declared to surpass everything hitherto introduced for the Swift and Speedy Cure of all Lung and Throat complaints.

The sale of this famous remedy, for the cure of all Colds or Coughs peculiar to this mountain climate, has increased so marvelously since its recent introduction, that the prospect of fearlessly challenges comparison with any medicine of the kind in the world.

This wonderful remedy is especially adapted for all Lung and Throat Complaints peculiar to miners, or any persons liable to exposure from cold drafts in tunnels, working in bad air underground, or the absorption of powder smoke into the lungs. Three doses a day will keep the lungs clear, and enable the miner to work in the midst of powder smoke without coughing.

It is not claimed for this Balsam, like most patent medicines, that it will cure all diseases, but it is guaranteed to cure all diseases of the lungs. One bottle of the Balsam will, in nearly all cases, cure a bad cold or cough of from one to two months' duration; two bottles, a cold or cough of from two to four months' standing; and three bottles any similar affection that has been in existence for several years.

Notice: This! The public is called upon to observe that Dr. Ebel will in all cases refund the money to purchasers of the Balsam on the returning the bottles to him, if not cured within a reasonable length of time.

To be had of all Drug Stores and all Merchants' stores in mining camps.

SATURDAY, FEBRUARY 9, 1878.

NEWS OF THE MORNING.

The gravest uncertainty and alarm pervade England. Whatever may be the facts regarding Russia's advance, one thing becomes clearly evident in England: The war party is fully as strong as the peace party, and every day seems to add to the former's strength.

Two hundred and ninety recruits from St. Louis left Omaha yesterday by special train for San Francisco, to be assigned to the 1st and 6th Cavalry. They were in charge of Major Mears, 8th Infantry, and are a fine looking lot of men.

Henry Clews, the banker and broker, was arrested Thursday in New York City by, it is believed, Chautauque county officers, and hurried from or concealed in that city. His counsel and friends are ignorant of his present whereabouts. They have obtained a writ of habeas corpus.

Governor Pacheco will remain in Washington about a week, and then return to California. He says there is no foundation for the published report that he has been offered, or is seeking, any foreign appointment.

It is worthy of note that Potter of New York was the only Democrat who had manhood enough to vote with the Republicans against the admission of Wiggington.

The President will become the guest of the Union League Club, New York, on the 22d.

Henry M. Stanley was entertained at a dinner Thursday by the Prince of Wales.

No one is now admitted to the Vatican except the Pontifical Chamberlains, who are charged with the office of guarding the corpse.

In accordance with the armistice conditions, the Russians will occupy Widin, Rustchuk, Silistria, Belgradjik and Erzeroum. The Embassadors of the Powers are still ignorant of the conditions of peace. Nedjeb Pasha, with twenty seven battalions, has left for Volo.

The lines of defense of Constantinople have been dismantled and the guns brought into the city. Several Russian Generals have arrived there to assist in the settlement of boundaries.

A telegram from Timova states that the Russians are receiving large reinforcements. The Russian troops in Roumelia have been ordered to hold themselves in readiness to march at a moment's notice.

The list of Honorary Commissioners of the Paris Exposition includes Wm. Seligman of California, J. A. Tanner of Arizona, Austin Savage of Idaho, and Wm. Hayden of Utah.

All the depot ticket agents on the New Jersey Central Railroad have been instructed to reject trade dollars except at a discount of eight per cent.

Ben Wade is reported as growing weaker.

Subscriptions to date to the four per cent. loan, amount to nearly \$3,000,000.

Cardinals Bilio, Pecci and Dipietro will govern the church pending the election of a Pontiff. All the church bells in Rome are tolling.

Hiscock of New York led the debate in the Pacheco Wiggington case on behalf of the legally elected candidate, and in a clear and forcible argument demonstrated conclusively that Wiggington had no more right to the seat in the House than one of the pages.

A dispatch received from Grand Duke Nicholas announces that, in accordance with the understanding between the Russian and Turkish Plenipotentiaries, free commercial intercourse by land and sea will be immediately re-established between Turkey and Russia.

The war news tended to create considerable excitement on the Produce Exchange, New York, Thursday morning, and there was for a while considerable activity in breadstuffs which advanced in price.

The funeral services of the late Pope will be held in all the churches in Rome, but the requiem in St. Peter's is expected to be very imposing. The remains are to be temporarily deposited in the choir of the chapel of St. Peter's, and will finally be placed in the crypt. The Conclave will decide whether the funeral shall be public or private. The Pope's last act was to provide for a continuance of his servants' salaries and pensions for their widows.

It is a prevalent belief among our cultivated brethren of the East, that the people of Nevada are a species of human mole, that have no other capacity than to burrow into the earth with its nose, and bring out on its beaver-like tail the rich ores that produce the silver and gold, but we can now show them that there is at least inventive talent among us. We were called upon yesterday to examine a machine, the invention of one of our citizens, which appears to us to supply most happily the wants of Washoe county in this trying hour. As a caveat has been filed and a patent applied for we do not hesitate to make public its general design. The object of the machine is to guard against every species of abuse or fraud that can possibly occur in the management of county offices. The machine will be worked by hand power, twelve men at a time being required to keep it going. It is believed that a full Grand Jury duly empaneled and sworn, thus employed, would be sufficient. A large hall will be provided, and every county officer required to keep his desk and transact his business in this room, in one end of which the machine will be placed. Complicated connections will be made with each officer's seat, including a telephone, so that his inmost whisper will be repeated in thunder tones in the Grand Jurors' ears. At the Treasurer's desk a pair of automatic hands, with sharp steel claws, will work over the opening that the money passes through, and woe be to him who is rash enough to let his fingers pass beyond a certain point. The Treasurer's office is also supplied with a private opening into which members of the Grand Jury can thrust their hands, but this is carefully concealed from all other persons. The Clerk's desk is so arranged that all papers must be filed on the end of a nicely adjusted balance, and unless \$5 in coin is placed on the other end a bell is rung that at once summons two Grand Jurors with clubs, who soundly beat the Clerk to their hearts' content. At the Sheriff's desk stands a light but very strong vehicle, intended for his use when engaged in serving summonses, subpoenas, etc. Before starting he reports to the Grand Jury what his route and destination will be, and the machine is wound up and gauged to carry him accordingly. He must, of course, take his meals with him. Not the slightest deviation from his original plan will be permitted, not even for a drink or cigar. The checks on the District Attorney are not so effective, as his labor is supposed to be mostly mental, but any recommendations to pay money to good Indians or bad Indians, bucks or squaws, are at once reported by telephone and soundly punished.

THE EXPENSE.

The expense of the Grand Jury to Washoe county was about \$1,000. The committee consisted of four in number and were in session eighteen days and yet complain that they have not had time enough to examine into the affairs of Washoe county. It is a fact that every one knows, that one good, competent man could examine the whole affairs of Washoe county in less time. We wonder how long it would have taken and what the expense of the committee would have been had they "fully satisfied" themselves?

The grandson of an English Baronet drives a public hack in Buffalo, New York, and despite his aristocratic ancestry, can charge as exorbitantly as though his family had been following the pursuit for untold generations. Such is the ennobling influence of Republican simplicity. We shall make men of our English Peers yet, if they will only locate on our shores and give us the ghost of a chance.

It is a current belief among the peasantry of Normandy that if a girl treads upon the tail or claw of a cat her chances of matrimony are materially diminished; and if she treads on both at the same time it is an infallible sign that she will not be married for at least four years.

DELEGATE CANNON'S bill for the admission of Utah as a State will be reported on adversely by the House Sub-Committee on Territories. This determination is based on the fact that the admission of Utah would clothe the Mormon priesthood with State sovereignty.

TEN THOUSAND DOLLARS conscience money to New York City in three months indicates a revival of honesty among Tammany politicians.

The Manhattan Mining Company have re-elected the old officers.

The January product of the Idaho mine at Grass Valley was \$42,918.

Grand Prize has declared a dividend of \$1 per share, payable on the 12th.

Nevada is known as the Silver State. Bullion is its chief staple. But Nevada has nearly the same interest in gold that it has in silver.

The Standard Mining Company have declared a dividend of \$1 per share, payable on the 12th. This is the sixth consecutive monthly dividend of the same amount.

On the 4th instant, assessments of 30c and 50c per share were levied on the stock of the Belmont and Leopold Mining Companies, delinquent March 8th and 11th.

The January product of the Tybo Consolidated mine was \$93,491.96. This is the largest yield of the mine since last June. The December product was only \$69,100.

The Star mine is located at Cherry Creek, White Pine county. The mill was started on the 25th of November, 1877. From that date until the 25th of January, 1878, the bullion product was 40,006 74. Since the last named date four shipments have been made from the mine, aggregating \$18,357.73. The mine is reported looking well, and the bullion yield is improving.

An assessment of 10c per share has been levied on the stock of the Pawnee mine. This claim is near the Grand Prize, the Argenta alone being between. Operations were commenced in October, and a shaft has been sunk 243 feet, and supplies provided for the winter. A cross cut from the 280 foot level has passed through five feet of black sulphuret ore.

CHRISTMAS DINNER BY MAIL.

An idea of the strange uses to which the Postoffice is put may be obtained from the fact that a Christmas dinner was recently received at the Dead Letter office. The late sale by the Post Office Department of unclaimed packages sent to the Dead Letter Office showed the extensive use made of that mode of transportation by all classes of traders and others, the articles forwarded being as various as those ordinarily entrusted to express companies. An unclaimed package recently received from the New York Postoffice, containing the following articles: A roast spare rib, a large piece of roast veal, several pounds of jerked venison and several buffalo tongues, potatoes and onions, a pound of butter, a loaf of fruit cake, a lot of candy, raisins, nuts, oranges, apples, &c.; several small bottles of wine and whisky, two boxes of cigars and two limburger cheeses, &c. There was also in this same package salt, pepper, vinegar, &c., for the seasoning and cranberries for the sauce, and in addition an abundance of flour and yeast.

COAST ITEMS.

Jose Lopez, a Mexican, was found dead in his room at Marysville, on the 6th.

T. B. Edwards suicided at Ukiah, Mendocino county, on the 6th. Cause temporary insanity.

The Easterday bribery case is on trial at San Jose. The prosecution closed on the 6th. A motion by the defense for the discharge of the prisoner was denied. A great deal of testimony has been adduced corroborating Emery's statement. The defense will endeavor to prove conspiracy.

The drug store and office of Dr. Lamson, Chinese Camp, Tuolumne county, were burned to the ground on the 2d. Cause—defective chimney. Loss, \$2,500; insured for \$1,500. The postoffice building and telegraph adjoining were damaged to the extent of \$400, which is covered by insurance.

A San Jose dispatch states that the Republican and Democratic County Committee met in joint session on the 6th, and resolved not to nominate candidates for the Senate and Assembly, but united in recommending that a petition by the people, irrespective of party, be presented to S. W. Boring and W. M. Williamson, praying them to be candidates, the former for Senator and the latter for Assemblyman.

Ex-Secretary Bristow while in Washington last week remarked to a personal friend that he was more inclined to give attention to the practice of law than to any movement regarding future political preferences.

The Chicago Times exults because the game law is so thoroughly obeyed in California; but wishes to know when Chinamen are out of season.

Ben Butler's treatment of the remonstrance sent by the Massachusetts parsons against the passage of the Silver bill was peculiarly rich and racy. We copy from the Congressional Record of the 30th ult.:

I am asked to present another memorial which I ask the Clerk to read, after which I will give my answer to it.

The Clerk read as follows:

HYDE PARK, MASSACHUSETTS. Resolutions passed at the meeting of the Norfolk Conference of Unitarian and other Christian churches, at Walpole, Massachusetts, December 23, 1877:

Whereas, in the view of the Norfolk County Conference, honesty is a vital part of religion and national honesty deeply concerns every member and interest of the nation; and

Whereas, the measure known as the Bland silver bill, in the opinion of this conference, endangers the good faith and credit of the nation:

Resolved, That this conference hereby expresses its alarm and regret at the introduction and passage through one of the Houses of Congress of the said bill.

Resolved, That this conference earnestly invites the attention of all the churches within its bounds as well as elsewhere to a careful consideration of their duty in regard to this measure.

Resolved, That this conference expresses its hope that the national Senators and Representatives in Congress will see to it that the good faith and credit of the nation receive no detriment.

Resolved, That the secretary of this conference be instructed to send a copy of these resolves to the Senators and Representatives of Massachusetts in Congress.

FRANCIS C. WILLIAMS,

Secretary of Conference.

The Norfolk conference consists of twenty three churches in and near the city of Boston, including churches in Dorchester, Roxbury, Milton, Brookline, Quincy, Dedham and Jamaica Plain.

Hon. BENJAMIN F. BUTLER,

Washington, D. C.

Mr. Butler—Mr. Speaker, will you have the kindness to send me the Bible from your desk? [Laughter.] The Bible on the Speaker's table was sent to Mr. Butler.

Mr. Butler—(having marked a passage) Will the Clerk do me the favor to read the passage which I have marked?

Mr. Wilson—State the book and chapter.

Mr. Butler—The second chapter of St. John's gospel.

The Clerk read as follows:

13. And the Jews' passover was at hand, and Jesus went up to Jerusalem.

14. And found in the temple those that sold oxen and sheep and doves, and the changers of money sitting;

15. And when he had made a scourge of small cords, he drove them all out of the temple, and the sheep and the oxen; and poured out the changers' money, and overthrew the tables;

16. And said unto them that sold doves, Take these things hence; make not my Father's house a house of merchandise.

17. And his disciples remembered that it was written, The zeal of thine house hath eaten me up.

Mr. Butler—After the rebuke of the Master I have no further word to say. [Great applause.]

The memorial and resolutions were referred to the Committee on Banking and Currency.

OREGON.

The weather at Portland Feb. 6th was bright and warm.

A company has been organized to construct a bridge across the river at Portland; capital \$150,000.

Farm work has been checked for ten days previous by the storm, according to Portland advices of the 6th instant. Grain on hilly land has been washed out by the water. On level ground the young plants look well. There has been a good deal of new land platted in nearly all the wheat growing counties of the Willamette valley, and in some fields of this character the young plant is six inches high, and green and growing, as usual in May. Fears are entertained that the growth will be so rank that the wet weather preventing pasturing it down, a good deal of fall sown will lodge.

ENEMIES.—Have you enemies? Go straight on, and mind them not. If they block up your path, walk around them, and do your duty regardless of their spite. A man who has no enemies is seldom good for anything; he is made of that kind of material which is so easily worked, that every one has a hand in it. A sterling character—one who thinks for himself, and speaks what he thinks—is always sure to have enemies. They are as necessary to him as fresh air; they keep him alive and active. A celebrated character, who was surrounded with enemies, used to remark—"They are sparks which, if you do not blow, will go out of themselves." Let this be your feeling while endeavoring to live down the scandal of those who are bitter against you. If you stop to dispute, you do but as they desire, and open the way for more abuse. Let the poor fellows talk; there will be a reaction if you perform but your duty, and hundreds who, were once alienated from you will flock to you and acknowledge their error.

Augusta, Ga., has been visited by a cyclone and much damage done.

Truckee that will smelt fifty pounds of ore at a trial. Meadow Lake rock is receiving a thorough testing, and the owners claim that it can be worked for less than \$10 per ton. It is this ore that is to be mastered.

THE WARDENSHIP.—By a western exchange we learn that one John Hancock Dennis, supposed to be the tail of the Times-Review, intends presenting his claims to the Governor elected next Fall for the position of State Prison Warden. If it's our John Hancock, he is eminently worthy of the responsible trust sought he having had several years of varied prison life both in this State and Massachusetts.—Tuscarora Times-Review.

NEVER-FAILING RELIEF

AFFORDED BY

SANFORD'S RADICAL CURE.

IT is a fact that can be substantiated by the most respectable testimonials ever offered in favor of any proprietary medicine, that the RADICAL CURE FOR CATARRH does every case afford instant and permanent relief. No matter of how long standing, or how severe the disease, the first dose gives such evidence of its value in the treatment of Catarrhal affections that confidence is at once felt in its ability to do all that is claimed for it. The testimony of physicians, druggists, and patients is unanimous on this point, and the accumulating evidence is in point of respectability superior to any ever before obtained in favor of a popular remedy. The cure is therefore, may justly feel proud of the position this remedy has attained, and believe it worthy of its reputation.

10 YEARS A SUFFERER.

From Hon. Theo. P. Bogert, Bristol, R.I.

Messrs. WEEKS & POTTER: Gentlemen.—Feeling thoroughly convinced of the efficacy of SANFORD'S RADICAL CURE FOR CATARRH, I am induced to drop you a line to say that although I have been sceptical of all the nostrums advertised as "radical cures," I have never found anything that promises such relief and ultimate cure as that of SANFORD'S. I have been afflicted with this dreadful disease for more than ten years, and not until recently could I be induced to persevere with any until I read a letter of Mr. HENRY WELLS, and can truthfully say that after using five or six bottles I am thoroughly convinced of its curative properties. Hoping that others similarly afflicted like myself will be induced to make the trial, I am, gentlemen, very truly, etc.

THEO. P. BOGERT.

Bristol, R. I., July 21, 1877.

YESTERDAY'S STOCK REPORT.

Table with 2 columns: Stock Name and Price. Includes sections for Informal Session, Morning Board, and Afternoon Board.

Though not crowded, Smith's Academy of Music contained a large audience last evening to witness "East Lynne," by Piper's Opera House Troupe, and we can truthfully say that all present were highly pleased with the evening's entertainment.

Washoe Land and Water Co. This is the title of the company, which is to carry out the grand irrigation and land scheme mentioned in yesterday morning's JOURNAL.

Riverside Club. Another party, given by that famous club last night at Kimball's Hall, was the same as usual—just right.

The Sierra street organ man hopes that the Grand Jury subject may be dropped. He finds that he got his shovel in the wrong place, and wants to get it out before he covers himself with slime.

The Gazette "recognizes the fact that the JOURNAL's opinion is not at all valuable." Nevertheless it seems considerably worried over its remarks.

The Adah Richmond Troupe. This troupe will appear at the Academy of Music on next Friday and Saturday evenings.

The news of the Pope's death has already been officially announced. At 8 o'clock Wednesday night the Pope felt a sudden suffocation. He rallied several times, but said to his physicians, "Death wins this time."

There is something our old stuffs will appreciate. It has been discovered that beef tea serves to check thirst better than stronger stimulants, after excessive indulgence in liquor.
